IMPORTANT: Please read the terms and conditions of product application set out below carefully prior to download, installation, copy or use. **THROUGH THE DOWNLOADING, INSTALLING, COPYING OR USING THE SOFTWARE, CLIENT IS EXPRESSING CONSENT TO THESE TERMS AND CONDITIONS. CLIENT AGREES THAT THE USE OF THE SOFTWARE ACKNOWLEDGES THAT CLIENT HAS READ THIS AGREEMENT, UNDERSTANDS IT AND AGREE TO BE BOUND BY ITS TERMS AND CONDITIONS. THIS IS AN AGREEMENT ON END-USER RIGHTS AND NOT AN AGREEMENT FOR SALE.**

- 1) **Term of the License.** CLIENT's license to use the Software shall be time limited.
- 2) **OEM Software.** Use of the Software shall be limited to the ATM through which the Software license was obtained. A Software license cannot be transferred to a different ATM.
- 3) **Termination of the License.** Each Software license shall terminate automatically at the end of the period for which granted. If CLIENT fails to comply with any of the provisions of this Agreement, BANCSource shall be entitled to withdraw from the Agreement, without prejudice to any entitlement or legal remedy open to the BANCSource in such event. In the event of cancellation of the Agreement, CLIENT must immediately delete, destroy or return, the Software and all backup copies at CLIENT's own cost.
- 4) **Connection to the Internet.** To operate correctly the Software requires connection to the Internet and must connect at regular intervals to the BANCSource servers. CLIENT's access and usage (including charges) may be subject to the terms of CLIENT's cellular or Internet provider agreement. Certain features of the software may help CLIENT access the Internet more efficiently, but the software's usage calculations may be different from CLIENT service provider's measurements. CLIENT is always responsible for (i) understanding and complying with the terms of CLIENT's own plans and agreements, and (ii) any issues arising from using or accessing networks, including public/open networks. Connection to the Internet is necessary for the following features of the Software:
 - a. **Updates to the Software.** BANCSource shall be entitled from time to time to issue updates to the Software ("Updates") but shall not be obliged to provide Updates. This function is enabled under the Software's standard settings, and Updates are therefore installed automatically, unless the CLIENT has disabled automatic installation of Updates.
 - b. **Forwarding of infiltrations and information to the Provider.** The Software contains a function that collects samples of new viruses and other similar malicious programs and suspicious or problematic files (hereinafter referred to as "Infiltrations") and then sends them to BANCSource, along with information about the CLIENT's computer and/or the platform on which the Software is installed (hereinafter referred to as "Information"). This function is disabled under the Software's standard settings. The Information may contain data (including randomly or accidentally obtained personal data) about the CLIENT and/or other users of the computer on which the Software is installed, information

about the computer, the operating system and programs installed, files from the computer on which the Software is installed and files affected by an Infiltration and details about such files. BANCOSOURCE shall only use Information and Infiltrations received for research into Infiltrations and shall take appropriate precautions to ensure that Information received remains confidential. By activating this function of the Software, CLIENT is agreeing to Infiltrations and Information being sent to the BANCOSOURCE and CLIENT is also granting BANCOSOURCE the necessary approval, as specified under the relevant legal regulations, for processing Information obtained. CLIENT can deactivate this function at any time.

c. **Software Updates.**

- i. Maintaining the CLIENT's computer described above may include applying all appropriate software and operating system updates in a reasonable amount of time. BANCOSOURCE shall determine when software updates are appropriate and what constitutes a reasonable amount of time.
- ii. CLIENT acknowledges that if CLIENT requests updates that BANCOSOURCE considers inappropriate, or CLIENT wishes to have updates applied before BANCOSOURCE deems them safe, BANCOSOURCE is not responsible for the consequences of such actions. In that event, CLIENT may be charged BANCOSOURCE's current Billable Service Call rates, as the case may be, for all labor related to the consequences of such actions.
- iii. Furthermore, if CLIENT performs or allows anyone other than BANCOSOURCE to perform any maintenance on any of these machines, BANCOSOURCE is not responsible for the consequences of such actions and CLIENT may be charged BANCOSOURCE's current Billable Service Call rates, as the case may be, for all labor related to the consequences of such actions.

5) **Restrictions to rights.** CLIENT may not copy, distribute, extract components or make derivative works of the Software. When using the Software, CLIENT is required to comply with the following restrictions:

- a. CLIENT may not use, modify, translate or reproduce the Software or transfer rights to use the Software or copies of the Software in any manner other than as provided for in this Agreement.
- b. CLIENT may not sell, sub-license, lease or rent or borrow the Software or use the Software for the provision of commercial services.
- c. CLIENT may not reverse engineer, reverse compile or disassemble the Software or otherwise attempt to discover the source code of the Software, except to the extent that this restriction is expressly prohibited by law.
- d. CLIENT agrees that CLIENT will only use the Software in a manner that complies with all applicable laws in the jurisdiction in which the CLIENT will use the Software, including, but not limited to, applicable restrictions concerning copyright and other intellectual property rights.

They are protected by international treaty provisions and by all other applicable national laws of the country in which the Software is being used. The structure, organization and code of the Software are the valuable trade secrets and confidential information of BANCOSOURCE and/or its licensors. Neither CLIENT, its employer, agents, contractors, or any other party under CLIENT's control may copy the Software. Any copies which CLIENT is permitted to make pursuant to this Agreement must contain the same copyright and other proprietary notices that appear on the Software. If CLIENT does or attempt to reverse engineer, reverse compile, disassemble or otherwise attempt to discover the source code of the Software, in breach of the provisions of this Agreement, CLIENT hereby agree that any information thereby obtained shall automatically and irrevocably be deemed to be transferred to and owned by the BANCOSOURCE in full, from the moment such information comes into being, and in such event, BANCOSOURCE retains and may additionally exercise any other's rights BANCOSOURCE may hold in relation to breach of this Agreement.

7) **Reservation of rights.** BANCOSOURCE hereby reserves all rights to the Software, with the exception of rights expressly granted under the terms of this Agreement to CLIENT as the End User of the Software under a valid license.

8) **END USER DECLARATIONS.** AS THE END USER, CLIENT ACKNOWLEDGE THAT THE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. NEITHER BANCOSOURCE, ITS LICENSORS OR AFFILIATES OR THE COPYRIGHT HOLDERS MAKE ANY REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR THAT THE SOFTWARE WILL NOT INFRINGE ANY THIRD-PARTY PATENTS, COPYRIGHTS, TRADEMARKS OR OTHER RIGHTS. THERE IS NO WARRANTY BY BANCOSOURCE OR BY ANY OTHER PARTY THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET CLIENT'S REQUIREMENTS OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE. CLIENT ASSUMES ALL RESPONSIBILITY AND RISK FOR THE SELECTION OF THE SOFTWARE TO ACHIEVE CLIENT'S INTENDED RESULTS AND FOR THE INSTALLATION, USE AND RESULTS OBTAINED FROM IT.

9) **Minimum Standards Required for Software.** CLIENT's computers must meet the following Minimum Standards in order to operate MSHD.
